Economy Plot Center Stick

All-purpose solid fiberglass plot center stick measures 48"L x 1/2" diameter. Steel point. Soft, golf club style grip. Can also be used as a walking stick.

Forestry Suppliers Economy Plot Center Stick
15 oz. **59705 \$21.75**

Deluxe Plot Center Stick

Versatile stick features sharpened point and soft rubber grip. A

wooden dowel inside an aluminum shaft makes it more rigid. Hi-vis orange, it's easily seen in dense brush and can mark your plot center when timber cruising or conducting inventory work. Engraved Biltmore stick markings help you measure tree diameters from 10" to 40" and log heights from one to five logs. Can also use as a hiking staff in difficult terrain.

1.5 lbs. **59706 \$99.95**

Tree and Log Scale Stick

1441

Measure diameters from 10" to 40" by 1" diameter classes, and heights up to five 16' logs. Determine board foot volumes of standing trees (form class 78) up

to 40" dbh and five 16' logs. Scale logs 6" to 31" diameter with volumes printed on stick for 8', 10', 12', 14', 16', and 18' log lengths. Comfortable 25" reach. Sturdy hardwood with easy-to-read black graduations protected by clear varnish coating. Instructions included. 31-1/2"L x 1-5/16"W x 5/18"H.

Biltmore Sticks

1443

Use to determine number of logs in a tree, diameter, and board footage and to scale logs. Hard maple construction with a brass ferrule on each end, one with a hole for a carrying thong. Black graduations protected by polyurethane plastic coating.

English Stick

25" reach (hold stick 25" from your eye to measure). Measure diameter 6" to 74" by 2" diameter classes. Measure up to nine 16' logs. Stick graduated 0 to 37", by consecutive inches, 1/2" subdivisions. Scale logs from 6" to 37" diameter using Decimal C scale (board foot) value for 16' logs.

Biltmore Stick
9 oz. **59780 \$56.50**
5+ **\$53.50**

Metric Stick

64 cm Reach. Measure diameter to 200 centimeters by 2.5 centimeter diameter classes. Measure height to 45 meters by 5 meter log lengths. Length measure is graduated 0 - 100 by consecutive centimeters.

Biltmore Stick
10 oz. **59781 \$57.50**
5+ **\$54.50**

Utility Rack

6267

Great for carrying log rules, plot center sticks, field bags, and other field equipment in your vehicle!

Holds approximately 80 pounds. Suction cups mount easily to any flat surface. Spring-like clips keep equipment in place while security straps secure items. Made of tough polypropylene, it is sun-resistant and will not crack in extreme temperatures. Soft vinyl covering protects equipment from scratches.

Utility Rack 2 lbs. **94676 \$16.75**
